1. (_ _ _ _) a push or pull between 2 objects
2. (_ _ _ _ _ _ _ _ _ _) depends upon the two masses and the distance between them
3. (_ _ _ _ _) the motion of an object acted on only by the force of gravity
4. (_ _ _ _ _) the property of an object to resist the change in motion
5. (_ _ _ _) the motion of one object around another
6. (_ _ _ _ _ _ _ _) a force equal to the action force
7. (_ _ _ _ _ _ _ _) sport from the book that is used to demonstrate Newton's Laws
8. (_ _ _ _) animal from the book that moves by using Newton's 3rd law
9. (_ _ _ _ _ _ _) forces that are not in equilibrium
